#### AT NATURAL BRIDGE

AI NATURAL BRIDGE

[Special to The Times-Dispatch.]

Natural Bridge, Va., July 22.—The midsummer guests of the delignical Bridge constitute a happy throng, who had nelsaure in every passing moment. Secure on this mountain top, they find its renose and serenity very restful after the city's turmoil. Delightfully cool are these midsummer days, and refreshing are the mountain breeze after the drowsy heat of the levent torrid wave. Many are the amusements of the time and place. The bowling alley is very popular, and many exciting contests are contrived. With the added delights of the swimming bool and of the ballicoom the cup of pleasure is very full. Some take long walks through the woods or drive over hills and find roads through the ferests. Others sit on the broad puzzas and embroider or play bridge. A very picturesque soot is the children's playground, not far from the botal, where drooping willows shade a little tream and offer a cool retreat. Since the departure of the genial editors of last week, life has taken on its usual Bridge tone. Long will the convention was a brilllant panoman and when delicous refreshments were served were sever server server.
